

INTRODUCTION À LA BASE DE DONNÉES ÉTUDIANTE

L'UIA initie une base de données pour les jeunes professionnels et les étudiants en architecture. Elle leur consacre un espace dédié interactif où ils peuvent trouver des renseignements mais également faire part de leurs questions et débattre, déposer eux-mêmes des messages relatifs aux organisations ou événements étudiants.

Ces informations viendront enrichir la base de données et permettront la constitution progressive d'une plateforme internationale actualisée faite pour et par les étudiants.

Elle doit servir de point de contact pour que ces derniers se rencontrent et se reconnaissent, pour qu'ils puissent prendre contact librement et échanger.

Elle doit, à terme, devenir une référence et offrir un panorama global des différents acteurs et événements pour étudiants qui sont organisés autour de l'architecture.

Les informations fournies par la base de données:

- Les organisations et événements étudiants internationaux et régionaux
- Les organisations et événements étudiants nationaux et ceux des Sections membres
- Les actions et événements des programmes de travail dédiés aux étudiants (ou avec participation étudiante).

INTRODUCTION TO THE STUDENT DATABASE

The UIA has initiated a database for young professionals and students of architecture. It is offering a dedicated interactive space where they can find information but also ask and debate questions and post messages about events or architectural organisations.

This will enrich this web-based project and will allow the progressive constitution of an international updated hub made for and by young professionals and students. It will serve as a place of contact for them to meet and recognise each other, feel free to express themselves and share information.

It will, eventually, become a reference database and will offer a global panorama of all differing actors and events organised for young professionals and students in the architectural field globally.

The information given by the database:

- International and regional students' organisations and events
- National and Member sections' organisations and events for students
- The UIA work programmes' actions and events dedicated to students (or with students' participation)

REGIONAL STUDENTS' ORGANISATIONS AND EVENTS

Ongoing document, meant to be enriched

REGIONAL STUDENTS' ORGANISATIONS and EVENTS	MEMBERS	Congress and assembly	PURPOSE/RESOURCES	CONTACT
REGION I				
EASA : European Architecture Students Assembly	46 Members: Western Europe, Eastern Europe, Latin America, UK	Annual meeting	Practical network for communication, meeting and exchange	www.easa.tk http://www.jell-paradeiser.at/easa/contacts.htm http://www.alexmaxwell.co.uk/easauk/easaindex.html
