To Presidents of all UIA Member Sections

RE: UIA Logo competition - 2022: UIA Year of Design for Health

Dear Presidents of UIA Member Sections,

Warmest greetings from the UIA.

In July 2021, the UIA General Assembly declared **2022 “UIA Year of Design for Health.”** This commitment urges all UIA Member Sections to encourage architects and their clients to use evidence-based design to promote health in buildings and cities.

It is my pleasure and honour for the UIA to launch the UIA logo competition for the **2022: UIA Year of Design for Health**. The winning logo will be used for the branding and promotion of the UIA’s year-long activities.

We would like to request all the Member Sections to give us your full support and help to promote this competition and encourage all your members to participate.

Attached herewith is a copy of the competition brief. The submissions can be made via the [UIA Awards Platform](#). You can also view the [online version of the announcement](#).

The submission deadline will be on **15 November 2021**. Please do not hesitate to direct any question to [Emily Bonin](#) with the subject line **“UIA Year of Design for Health Logo Competition.”**

We look forward to your support and active participation.

Thank you and warmest regards,

TAN Pei Ing
