Item 14.3 of the agenda

INTERNATIONAL COMPETITIONS COMMISSION REPORT
BY REGINA GONTHIER AND JERZY GROCHULSKI

POLICY STATEMENT OVERVIEW OF ICC WORK IN THE PERIOD 2017-2021

The work of ICC is many sided and includes:
A. Regular work
   A.1 Continuous expert consultancy on competitions, awards, regulations of Member Sections
   A.2 Regulatory work, elaboration of ICC help documents
B. Promotion of UIA competitions and Competition culture
C. Professionalisation efforts
D. Special projects

A.1.1 CONSULTANCY COMPETITIONS 2017-2021 (see overview in Annex 1)
ICC consultancy consists in advising on the competition type, the definition of the task, the evaluation criteria, the deliverables, formal and procedural aspects, the composition of the jury, key parameters of the mandate in view. Condition for UIA endorsement is the conformity to the UNESCO Regulations and UIA best practice recommendations but also the respect of UIA aims (SDG’s and holistic approach) and fair conditions.

Guarantee for fair conduct fair conditions for the competitors and the winner makes UIA endorsement to a quality label.

The ICC dealt in total with 43 competitions and advised 2 MS reviewing their national ADC regulations.

Overview competitions
• 13 Professional competitions: 12 endorsed (8 completed, 2 ongoing, 1 ready to launch, 1 in preparation)
• from the remaining 20 requests for collaboration ca. one fourth has still potential to be concretised
• 5 Students competitions: 3 endorsed + 2 in discussion
• 1 Young architects competition (4 annual editions since usually organised every year)
• 1 Student workshop
• 1 Competition organized by an UIA body (in preparation)

Tendencies in professional competitions
• the majority of UIA professional competitions were conducted in EU countries
• practically all were project competitions except one which was an ideas competition
• the majority were multidisciplinary competitions, all requested teams with at least one other discipline
• practically all provided detailed programs requesting too much work by the competitors
• equal number of open and restricted procedures and clear majority single-stage competitions

Profile of clients
• exigent international organisations requesting high competence from ICC
• repetitive and challenging public clients like UNESCO, EU Commission and EU Institutions
• very experienced international professional advisers
• Member Sections and private clients with little experience in organizing and conducting competitions

Requirements expected from ICC consultancy
• expertise, experience, competence, coherence, continuity
• knowledge of public procurement legislations
• legal understanding and capacity to find solutions without violating the principles and rules

Achievements of ICC
• proved the compatibility of UIA/UNESCO Regulations with EU public procurement law
• implemented high standards and best practice recommendations creating reference examples
• created a stamp evidencing the assessment of compliance to the rules for all UIA endorsed ADC’s
• fulfilled the expectations of the clients and received recognition and gratitude for expert advise
• contributed in reaffirming the good reputation of UIA competitions
• established first contact with CIO and realised a first collaboration with UN Habitat in a student ADC
• proposed successfully a commemorative plate on realised projects, results of UIA competitions
• proposed to thematise the importance of high quality in the built environment and recommend competitions as the best tool to find suitable solutions to architectural tasks at the UN Habitat Forum

A.1.2 CONSULTANCY AWARDS 2017-2021 (see overview in Annex 1)
The ICC examined the regulations and advised on 5 Awards and contributed to realize a new Award. UIA INCOME FROM COMPETITIONS AND AWARDS 2017-2021

Competitions (12 endorsed ADC’s – Architectural Design Competitions) 281,000
Awards (9 awards) 85,000
Total income contractually agreed 366,000 Euros
A.2 REGULATORY WORK / ICC DOCUMENTS

A. DOCUMENTS

The “UIA Competition Guide” and the “UIA Participation in Awards” document were amended with the declaration that UIA endorses adc’s respectively awards which promote high quality-built environments and respect the holistic, culture-centered and interdisciplinary approach to improve quality of life in alignment with UN Sustainable Development Goals.

Further the ICC reviewed or amended practically all documents elaborated in 2015-2017 and elaborated new help papers for clients on topics corresponding to the needs and frequent questions of the clients, in particular “Recommended guidelines for jury meetings and evaluation process” including also in exceptional cases the conduct of jury sessions in form of video conferences.

B. PROMOTION

Exemplarity. With few UIA endorsed competitions pro year the goal is to achieve reference examples and promote best practice worldwide.

Commemorative plates for realised UIA competition projects indicating the year of the competition, UIA logo, the name of the winner, the name of the client, the names of the professionals involved in the realisation. Such measure serves promoting UIA competitions and competition culture and the respect to the profession.

C. PROFESSIONALISATION

Most ICC propositions were not considered as priorities during the current term. However, a considerable progress could be done with the help of the Secretariat in several chapters.

D. SPECIAL PROJECTS

UIA/ACE/UNESCO Conference on Competitions hold on 24-25.10.19 at the UNESCO Headquarters in Paris.

Contributions for RIO2021 CONGRESS

- Exhibition Updated Map(s) of the triennium’s architectural design competitions endorsed by UIA
- Plenary session: Achieving design excellence with a UIA competition in form of pre-recorded conferences. 3 winners present their projects (Library of Alexandria, Bamiyan Cultural Center, Vilnius Concert Hall) and report on the impact, potential benefit for society and the value of the process.
- Special Edition Newsletter Interviews of organizers, jurors and winners of UIA competitions mostly conducted in the term 2017-2021 on their experiences with international competitions.

PURPOSE OF THE PROTOCOL ICC CO-DIRECTORS RECOMMENDATIONS FOR 2021-23 TERM

Organisational aspects

- Ask all MS to designate a correspondent for competition matters
- Renew the list of recommended jurors with help of MS
- Reinforce the Secretariat
- Rethink the organisation of ICC
- Seek direct collaboration between UIA Commissions and improve coordination

Professionalisation

- Ensure expertise and collaboration of experts for adc consultancy
- Continue the professionalisation efforts of ICC work with the help of the Secretariat
- Conduct statistics on UIA competitions and competitors
- Create an interactive map with information about UIA competitions and participants
- Conduct surveys in collaboration with PPC on adc practice worldwide

History

- Solve the problem of the old archives and make an inventory of what exists
- Document the history of UIA competitions, eventually initiate a PhD research
- Reconsider a publication on UIA competitions for the 75th anniversary

Focus competitions

- Maintain and affirm the principle that UIA endorsed competitions must be paradigmatic in all regards
- Recognize the distinct roles of UIA jurors and UIA representative in the Jury
- Implement guidelines for jury work and evaluation process in UIA endorsed and UIA own adc’s

Focus awards

- Define an adequate policy for awards deserving UIA endorsement
- Decide that UIA endorsed and own awards must respect rules and recommendations in analogy to adc
- Publish transparent jury reports of UIA Triennial Prizes documenting all submitted nominations
- Organize a new UIA Triennial Prize with focus on SDG and holistic interdisciplinary approach

Political goals

- Promote competition culture worldwide and set the reference with exemplary UIA competitions
- Exploit Baukultur and New Bauhaus initiatives to promote architectural quality and the tool competition
- Achieve / recommend recognition of participation in design competitions as CPD credit

Future of UIA competitions and ICC tasks / financial aspects

- Achieve collaboration with international institutions: CIO, UNO and World Bank (appropriate client profile)
- Advise MS when creating or ameliorating their national adc regulations
- Organize seminars /courses on preparation and fair conduct of adc’s (potential new income for UIA)
- Invest part of the income from competitions and awards in ICC projects and professionalization.
