Towards a Self-Reliant, Resilient, Inclusive Architecture

go beyond.

11th-12th July 2020

Add to your Calendar.
The Indian Institute of Architects (IIA) is the National body of Architects in the country. Established in 1917, the institute today has more than 25,000 members and plays a major role in promoting the profession of architecture by organising and uniting the Architects of India to promote aesthetic, scientific and practical efficiency of the profession both in Practice and in Education.

IIA is represented on various national and international committees connected with architecture, art and the building industry and is also actively associated with International Union of Architects (UIA) and South Asian Association for Regional Co-operation of Architects (SAARCH).

The IIA National Convention 2020: Transcend is to be held on the 11th & 12th of July 2020. We are privileged to host this as an online event using a multifaceted virtual platform.

The IIA Natcon is the only National level Convention for Architects organized by its own fraternity members’ organization. The National Convention having its theme as ‘Transcend’ will focus on Self-reliance and Resilience in Architecture, with an Inclusive approach to address Equitable built environment for all sections of the society, the lessons from the Pandemic and the way forward. The Natcon will feature expert Talks by internationally renowned Architects and Panel discussions on a range of topics that’s related to the profession and the society.

Towards a Self-Reliant, Resilient, Inclusive Architecture
Towards a Self-Reliant, Resilient, Inclusive Architecture

Go beyond.

Good Architecture is a manifestation of the human spirit to **TRANSCEND** limitations to create a holistic experience for a sustainable built environment.

As a fraternity, let’s surpass the boundaries of social inequality, inadequate habitat for the needy, and the realization created by this Pandemic to explore new horizons in Architecture.

Transcending these narrow boundaries and going beyond restrictions is only possible by unifying people, their thoughts and actions towards a more responsible and rationally promising society.

**Going beyond** to create a new framework of reformation in design, by delving into the experiences of the past and the present with pure awareness to analyse them in helping the present and future generations to transcend spontaneously into a **SELF-RELIANT, RESILIENT** and sustainable environment.

Let us be poised to discuss and take collective steps from this quiescent period to perceive to rebuild an equitable and **INCLUSIVE** environment to serve the aspirations of all sections of our society.
‘Transcend’ will focus on **Self-reliance and Resilience in Architecture**, with an Inclusive approach to address Equitable built environment for all sections of the society.

The first day’s program will have the Inaugural Ceremony followed by TWO sessions with a break in between.

The second day’s program we will have TWO sessions followed by Valedictory Ceremony and Entertainment Programs. We will have address’s by celebrated architects from India and abroad. Each of these sessions will be held in virtual halls featuring Various Topics.

We expect a participation of around 3000 Architects from all over the country.
