MEMORANDUM CIRCULAR NO.10, S. 2023
Fiscal Year 2023-2024

September 25, 2023

TO : ALL CHAPTER PRESIDENTS

THRU : AREA VICE PRESIDENTS & REGIONAL DISTRICT DIRECTORS

RE : WORLD ARCHITECTURE DAY (WAD) 2023: ARCHITECTURE FOR
RESILIENT COMMUNITIES ON MONDAY 2 OCTOBER 2023

The World Architecture Day (WAD) is simultaneously celebrated with the United Nations' World Habitat Day on the first Monday of October each year. This event is being spearheaded by the Union International des Architectes (UIA) since the year 2005 to "remind the world of its collective responsibility for the future of the human habitat".

The international theme for WAD 2023 celebration is:

"ARCHITECTURE FOR RESILIENT COMMUNITIES"

On this momentous day, the UAP, through the Committee on World Architecture Day under the Commission on Governmental and External Affairs is inviting all UAP Chapters to celebrate this year's WAD through the following activities and programs:

- UAP WAD 2023 Program
- Google form link for UAP WAD 2023 Onsite Participants Pre- registration
- "WAD Project Hook-up 2.0" CSR Project Mechanics for UAP Members
- "WAD-a-Shot 2.0" Photo Contest Mechanics for Members of UAP, UAPGA and UAPSA
- Compilation of previous and current chapter CSR Projects

Should you have any inquiries or clarification requirements related to the said activities, we kindly request you send it through email at alora_012@yahoo.com.

Please visit the UIA website (<https://www.uia-architectes.org/en/news/2023-world-architecture-day-architecture-for-resilient-communities/>) to know more about the celebration of the WAD 2023.

WAD 2023 Project HOOK-UP 2.0

World Architecture Day is simultaneously celebrated with the United Nations' World Habitat Day on the first Monday of every October. This event is being spearheaded by the Union International des Architects (UIA) since the year 2005 to "remind the world of its collective responsibility for the future of the human habitat". The international theme for WAD 2023 celebration is "*Architecture for Resilient Communities*".

The UIA hopes to contribute to the global conversation on the 2030 development agenda by focusing on the three key areas: housing, public spaces, and their relation to climate change. The International Union of Architects (Union Internationale des Architectes, or UIA) as an international non-governmental organization represents over a million architects in 124 countries. It is also being recognized by most United Nations agencies as the only association in its field, including UNESCO, UNCHS, ESOSOC, UNIDO, and the World Health Organization, as well as the WTO. As for such, we are taking another milestone to participate in UN projects concerning global sustainability through WAD 2023 as an affiliated organization to the UIA.

For the UAP WAD 2023 national celebration, we enjoin all UAP local chapters to celebrate the event through the submission of your pre-WAD 2023 project addressing any of the UN-Sustainable Development Goal (SDG)'s 17 goals. This activity aims to unite UAP Chapters to promote sustainable architecture and CSR projects that shall further build and solidify collective efforts addressing various challenges on global development.

Entries for the WAD 2023 will be hooked up to the UN SDG portal and posted for an approved duration by the UN SDG Technical Working Committee. The hooking up of the chapters' entries to the UA SDG portal shall be officially made only by the WAD 2023 Organizing Committee.
